30-31 August 2010

You are cordially invited to attend the **AFITC 2010 Small Business Event** taking place in **Ballroom A** of the Renaissance Montgomery Hotel & Spa.

Greetings,

On behalf of the AFITC committee and the Alabama State University Small Business Development Center, it is our pleasure to invite you to participate in the 2010 Air Force Information Technology Conference (AFITC) Small Business events held 30-31 August 2010 at the Renaissance Montgomery Hotel and Spa at the Convention Center in Montgomery, Alabama. This year's theme, "Dominance at the Speed of Need," emphasizes the needs of our warfighters continuing to change at a rapid rate and the acquisition process needing to keep pace. The purpose of the conference is to provide a forum for DoD members to learn about the latest developments in IT and their applications, for today and tomorrow, ensuring the Air Force is the most advanced fighting force in the world in Air, Space, and Cyberspace.

This year's events will highlight an IT Small Business Town Hall Meeting, a keynote address from Mr. John G. Caporal, Acting Director, Small Business Programs, Department of the Air Force, and an IT Small Business Match-Making Session. Also, hosting a table at the event will be Mr. Lorenza Patrick, the Director of Alabama State University's Small Business Development Center. The Match-Making event will be by appointment only and everyone must be registered for the conference in order to participate.

If you are a small business and you want to gain knowledge on how to be better equipped to compete for federal government contracts, or you want to become a subcontractor for a large business that does business with the government. Then this is the conference for you!

If you have not registered, I encourage you to click on the link: <http://afitc.gunter.af.mil/> and register. Once you have registered for the conference by selecting registration and then selecting attendee or exhibitor registration, please go to the home page and select the Small Business tab.
